

# Carlos Salguera

Indianapolis, IN | 463-230-4084 | carlos.e.salguera@gmail.com

[LinkedIn](#) | [GitHub](#)

## FULLSTACK DEVELOPER

Fullstack developer with an eye for design. Passion for learning new coding technologies, currently learning React.js in addition to attending an in-depth coding bootcamp curriculum. Previous background in food service and bilingual in English and Spanish.

## TECHNICAL & INTERPERSONAL SKILLS

**Languages:** JavaScript, HTML, CSS, EJS

**Libraries and Frameworks:** React.js, Express.js

**Databases and other:** MongoDB, Mongoose, Node.js, RESTful Routing

**Interpersonal skills:** Delegation, Problem-solving and Decision-making, Team-working

## TECHNICAL PROJECTS

**garner - [GitHub](#) - MEN Stack | Google OAuth | JavaScript | EJS | CSS | Environment Variables**

*An app where authenticated users can create, edit, or delete collections of their favorite games.*

- App implements Google OAuth to restrict certain features for non-authenticated users
- Authenticated users can create new data resources of games, platforms, and comments
- Authorized users can freely edit or delete their own created data resources

**Connect Four - [GitHub](#) - JavaScript | CSS | HTML**

*An app that recreates the classic game of Connect Four. Play against another player locally.*

- App includes score counters to track each player's wins
- App is animated using CSS keyframes through the addition and removal of classes
- App includes sound effects and background music via Audio constructors
- Button elements are included to mute/unmute the sfx or bgm independently of one another

## EXPERIENCE

**Panda Express**

Indianapolis, IN

**Chef**

12/2021-11/2022

- Trained associates to cook and prep following correct recipes and portion sizes
- Opened and closed the store as well as placed truck orders for produce and other goods
- Oversaw team during 14+ hour shifts in addition to maintaining Cook duties

**Cook**

07/2019-11/2021

- Cooked entrees from an extensive menu, consistently exceeding strict company goal to cook orders in 5 minutes
- Followed best practices handling food prior to and after receiving ServSafe Certificate
- Organized the walk-ins and adhered to strict safety and cleanliness standards

## EDUCATION

**General Assembly**

Remote, Certificate Expected: 03/2023

- Attending 12-week coding bootcamp that involves creating four frontend, backend, and fullstack applications focused on the MERN stack, JavaScript, and Typescript

**IvyTech**

Indianapolis, IN, 01/2018-12/2019

- Completed coursework in Intro to Digital Electronics
